

An ISO 9001 : 2015 Certified Company

SINCE 1976

**Manufacturers & Exporters of
Precision Brass Components & Fasteners**

About Us

LEADING MANUFACTURER OF PRECISION METAL TURNED COMPONENTS

Chandrika Industries, manufacturing and exporting Brass Components since 1976. Our company is situated in Jamnagar, Gujarat (INDIA). We follow ISO 9001:2015 Quality Standard, Also we adhere to all International Quality Standard for products Specification and Manufacturing Process.

Our Product Range includes Brass Fittings, Inserts, Compression Fittings, Brass Hose Fittings, Brass Plumbing & Sanitary Fittings, Faucet Components, Forged Components, Gas Part Fittings & any type of precision brass components as per customer requirements. We also manufacture as per the buyers' own specifications and requirements.

Mission

To persistently maintain and retain our position as prominent Brass Components Manufacturers, Exporters & Distributors in India and to meet client's aspiration in Indian and Overseas Markets

Vision

We are constantly striving to achieve excellent in our services. We at Chandrika Industries maintain high ethical and professional standards to stay on top in changing business environment.

Quality

Chandrika Industries is amongst the companies that offers only the flawless brass products to its customers. We implement international quality measures in all our business operations, especially in the manufacturing process of our products. For ensuring proper implementation of these measures, we have employed a team of dexterous quality auditors. They have tremendous experience and expertise with respect to the brass industry. They supervise every production stage to ensure that our customers get only the best quality and high performance brass products and parts.

Machines & Instruments :

We have all most modern automate machines. Company has conventional and semi conventional machinery to produce good Quality of Products. Sophisticated machine tools provide the finishing touches. We believe, Instruments are the heartbeats of Quality products. Our testing and checking division is well equipped with accurate instruments, gauges, general purpose instruments. Reliable Instruments used for quality assurance like "MITUTOYO" Vernier for dimension control, "H I P" and "BEKER" plug gauges & ring gauges to control internal & external threads, etc.

**Quality Process Ensuring
Quality Products**

Infrastructure

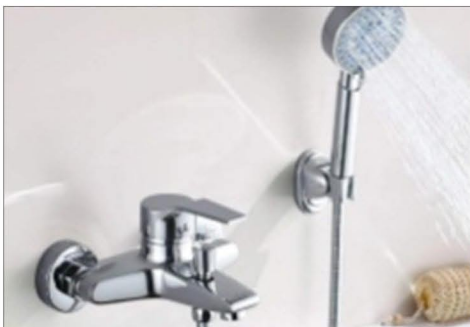

Our Manufacturing Capability, Owing to our robust manufacturing facility, we have developed the ability to meet all types of orders, in terms of quantity as well as quality. In the facility, there are a number of machines that work in a vertically integrated manner to ensure the production of best quality Precision Brass Parts, Brass Gas Parts, Brass Engineering Parts, Brass Fasteners and allied products.

Some of these machines include :

- Casting Machine
- Lathe Machine
- Cutting Machine
- Molding Machine
- Shaping Machine
- Cutting & Threading Machines
- Milling & Slotting Machine
- Polishing Machine
- Semi-Automatic Machines
- Special Purpose Machines (SPM's)
- Surface Roughness Testing

With the assistance of these machinery, we have acquired a high production capacity which is sufficient enough to fulfill all amounts of orders. In case of bulk and urgent orders, we can easily enhance this capacity.

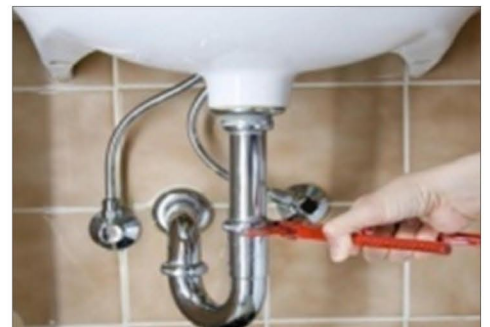

Industries We Serve :

Faucet Industry

Plastic & Rubber Industry

Plumbing & Sanitary

Electronic & Home Appliance

Agricultural Industry

Solar Industry

Brass Turned Components

We are leading Turned Components Manufacturer with Customized products to achieve the desired specializations in production of parts. These components are widely used in Engineering, Aerospace, Medical, Agricultural and Machine Tool Industries. We are well known in the market for our various excellent products. We manufacture components as per clients customized requirements. We manufacture these parts using high grade raw materials like Mild Steel & Stainless Steel, E.N. Series, Brass, Copper, Aluminum and many more as per the industrial standards and customer specifications.

Material : Free Cutting Brass IS 319 Type I or BS 249 Type I. Any Special Non Ferrous Material Grade. Brass as per RoHs Directive.

Thread : ISO Metric (MM Threads) BA, BSW (Inches), UNC, UNF Any as per Customize Specification.

Size : Circumference Diameter 1MM to 800MM with length of any size. Apart from standard Precision Turned Components, we develop Customized Turned Components as per technical drawing or other relevant data.

Finish : Natural, Nickel Plated, Silver Plated, Tin Plated, As per customer Specifications

Brass Fittings

Brass is widely used in manufacturing brass fittings, plumbing fittings, flare fittings, garden hose fittings, compression fittings, transmission fittings, pipe fittings & threaded fastening, due to its excellent qualities as rust-resistance, hardness, wear-resistance, high tensile strength, durability and flexibility.

Material : Free Cutting Brass 319 type or BS 249 type or Any special Brass Material Composition as per customers requirement

Thread : ISO Metric MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc. Any threads as per custom design

Size : Specification or as per custom design or requirement

Finish : Natural, Nickel Plated, Tin Plated or any coating as per customer specification

Plumbing & Sanitary Fitting

The Brass Plumbing & Sanitary Fittings manufactured by us are made from quality brass materials which ensure durability and quality. Our wide gamut of Brass Sanitary Spare Parts include Brass Tee, Brass Elbow, Brass Union, Brass Socket, Brass Coupling, Brass Bush, Brass Plug, Brass Stop Plug, Brass Adapters, Brass Couplers, Male/Female Pipe Fittings, Hexagonal Reducing Nipple, Stop Plug, Bush, Male/Female Adaptors, Female Connectors Brass Nut, Brass Leg Nut, Check Nut, Conical Nut, Hose Fittings, Shank, Brass Sleeve, Brass Permix, Aerator, Spindles, Handles and Hose Jointer.

Material : » IS 319 Brass Free Cutting. » As per BS-249 Free Cutting Brass Material. » High Grade Free Cutting. » Any Special Brass Material Composition on Request.

Thread : » ISO Metric, MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc » Any threads as per customer's design

Finish : Our Brass Sanitary Fitting Parts are finished in natural Brass. They are also Nickel plated, chromium plated and electro tin finished and SS plated on the requirement of the customer.

Brass Inserts

The wide range of Molding Inserts include threaded molding inserts, ultrasonic molding inserts, knurled molding inserts, molding inserts for plastic, wood molding inserts and more. The range of standard and high quality molding inserts designed to molded into the plastic, wood or any molded components.

Also Available : Brass Round Knurled Inserts, Brass Hexagonal Inserts, Brass Square Inserts

Material : » Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade » Any Special Brass Material Composition as per customers requirement

Thread : » ISO Metric (MM Threads) » BA, BSW (Inches), UNC, UNF or » Any as per custom design

Size : Begins from M2 or equivalent threads and up to any size as per custom design or requirement

Finish : Natural, Nickle Plated, Tin Plated brass inserts or any coating as per customer specification.

Brass Forged Components

We are a leading manufacturer and exporter of comprehensive range of Forged Components, which are manufactured from high quality brass. The brass forgings which we offer are used for various applications in plumbing, aerospace, automotive, hardware and many more industries. With vast experience and knowledge, we are involved in offering a premium quality range of Brass Forging Components. We also manufacture and export Forging Components based on custom specification and requirements.

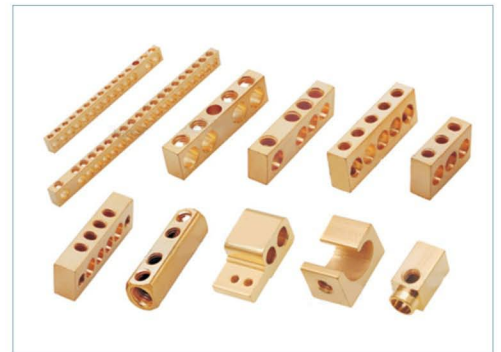

Material : » Forging Brass As Per BS 218 » Any Special Brass Material Composition As Per Customers Requirements

Thread : » ISO Metric MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc » Almost any threads as per custom specification

Size : » As Per Customer Specification

Finish : » Natural, Nickel Plated and Any Special Coatings as Per Customers Requirements

Brass Electrical Components

We are manufacturing all Kinds of Brass Electrical Components, Brass Electrical Parts and Brass Electrical Fittings like Electrical Plug Pins, Sockets Pins, Brass Neutral Links, Brass Terminal Block, Brass Connectors, Brass Contacts and more. Brass Electrical Components are consumed in various applications like Toggle Switches, Modular Switches, Switchgears, Fuse Switches, Plug Pins & Sockets and many Electrical & Electronics Equipment or Parts. Brass Electrical Components for various industries including Power Generation, Electronic Industry, Solar Energy, Automotive Industry, Medical Industry, Electrical and Engineering Assembly.

Material : » Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade » Any Special Brass Material Composition as per customers requirement

Thread : » ISO Metric, MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc » Any threads as per customer's design

Size : » As Per Customer Specification

Finish : » Natural, Nickel Plated, Tin Plated or any coating as per customer specification

Brass Auto Parts

We provide Brass Auto Components like Fuel Nozzle, Automobile Set Screw, Brass molding Inserts, Brass Hoses, Brass Auto Cap and many more! Our respected clients can avail from us a quality approved the range of Brass Auto Components. Auto components are made available in multiple sizes to fulfill the varied needs of the customers. The range of Auto Components are fabricated as per the Industrial standards.

Material : IS 319 Brass Free Cutting. As per BS-249 Free Cutting Brass Material. High Grade Free Cutting.

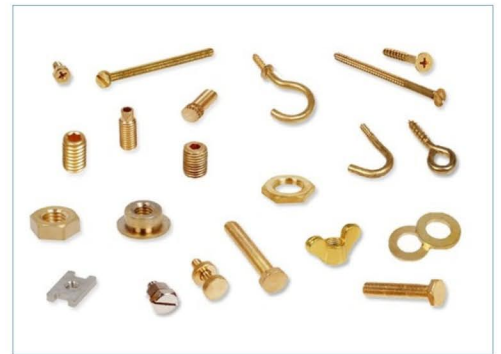

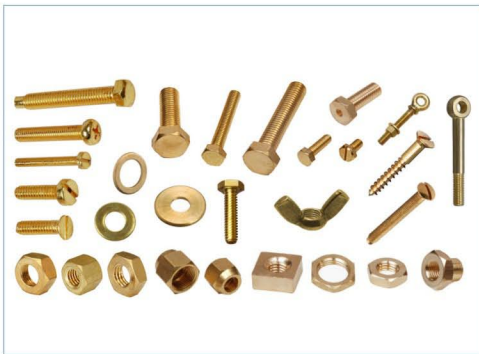

Any Special Brass Material Composition on Request.

Thread : ISO Metric, BSW, BA, BSF, UNC, UNF UNEF etc.

Size : As Per Customer Specification

Finish : Brass Natural, Electro-Tinned, Nickel etc.

Brass Fasteners

We provide Standard and High-Quality Brass Fastener with variety of types. Generally, Fasteners are hardware components that mechanically joins two or more elements together. Brass Fasteners are easily removable without any damages the joining components. They are made from brass, mild steel and other material composition.

Products : Brass Fasteners range from normal screws, bolts to Hex Nuts and Washers. They are quite handy in many applications in the industry. Screws, Bolts, Hex Nuts and Washers come in various gauges, dimensions and thickness that required by the consumers.

Material : Brass of high grade is the main metal that come in handy with the brass fasteners, the material range from brass rods, hollow pipes or brass metal sheets depending on the product's requirement of manufacture. RoHS Brass Material.

Finish : Fasteners come out in shining brass or buffed brass. However they are natural brass buffed, tin plated, nickel chromium plated, copper layered or SS plated depending on the maneuverability of the component or else depend on the consumer's requirements.

Brass Sheet Metal Parts

Sheet Metal / Stamping Parts are used in varieties of applications like riveting, Fitting, Supports, Locking, Fastening & for various uses in electromechanical & Automobile Industries. It comprises a lot of types like Washers, Lugs, Tags, Gaskets, Links, Banana Plugs, Terminals, Tapping Clips, Hinges etc. Apart from Plain Washers, all other varieties are exclusively developed as per custom designs & demands.

Material :Brass Sheet Half Hard as per IS 410 or 63/37 Half Hard Brass Sheet.

Thread : ISO Metric, BSW, BA, BSF, UNC, UNF UNEF etc.

Size : Any size as per custom design or requirement

Finish : Natural, Nickle Plated, Tin Plated brass sheet cutting parts, brass pressed parts or any coating as per customer specification.

Brass & SS Thermowells

Brass Thermowells : We offer superior grade Brass Thermowell that is extensively used in Ship Building Industries. Manufactured with the help of best quality brass, our Custom Brass Thermowell is used as highly efficient fitting. It is available in golden and silver polish so as to meet the requirements of the clients. Our Brass Thermowell is designed in a way that it is easily fitted. It is highly durable and resistant to rust that makes them an ideal industrial fitting. We have carved out a prominent place for ourselves as the prime Brass Thermowell Fittings Manufacturer and also known to be among the leading Suppliers of the same

Brass Earthing Accessories

The range of Earthing Accessories are manufactured using optimal quality brass, copper, aluminium or any other material composition based on custom requirements. Earthing Accessories are assured to feature durability and reliable performance. The range of Earthing Accessories are widely appreciated for its sturdy construction, corrosion resistance, easy and safe to install and dimension accuracy.

Material : » Brass - Gunmetal - Bronze - Copper - SS - are main metals used in manufacturing the equipments in the form of clamps, nut bolts.

Types : » Rain Water Pipe Bond, Jointing Clamp, B-Bond, Tee-Clamp, U Bolt Rod to Cable Clamp, Tower Bond Clamp, U Bolt Rod Clamp, Rod to Cable Lug Clamp.

Finish : » Natural, Nickel Plated, Tin Plated or any coating as per customer specification

Brass Gas Fittings

- » Male - Female Elbow » Flare Female Elbow » Single Barb Elbow » Flare Male Elbow » Gas Fitting Connectors
- » Barb T - 3 way » Compressor Female Elbow » Compressor Male Brand -T » Flare Equal Elbow
- » Gas Fittings Plug » Compressor Male elbow » Equal T

Material : Brass, Gun Metal, Any special Brass Material Composition and as per availability.

Thread : » ISO metric (MM Threads). » BA Threads. » BSW Threads. » UNC & UNF Threads.

Size : » As per Customers Requirements

Finish : Brass Natural, Electro-Tinned, Nickel etc.

Brass Cable Glands

BW 4 PART CABLE GLAND

CW 4 PART CABLE GLAND

BW 2 PART CABLE GLAND

BW 2 PART CABLE GLAND

Size : 20 mm to 90 mm S & L

Application : Use with SWA, plastic and rubber (Elastomer) sheathed cables. Used in dry indoor application for armoured cable.

CW 4 PART CABLE GLAND

Size : 20 mm to 90 mm S & L

Application : Suitable for SWA, cable that are plastic or rubber sheathed

BW 4 PART CABLE GLAND

Size : 20 mm to 90 mm S & L

Application : Suitable for SWA, plastic and rubber sheathed cables. Used in indoor applications.

1W TYPE CABLE GLAND

Size : 20 mm to 90 mm S & L

Application : This all weather gland effects the cable outer sheath and the gland nut and between the cable inner sheath and the

Brass Anchors

Brass Anchors are unique components used in electrification work to hold the ends of cables and wires, wall mounting and structures to the base. Precisely manufactured at our state of the art machining facility by employing optimum range brass and modern technology, these anchors showcase characteristics like hard construction, fine finish and accurate dimension. Owing to above attributes our Brass Anchors widely used in various industries including engineering, construction, electrical automotive and automobile.

Material : » High Grade Free Cutting Brass, » Brass – BS 2872 CZ 112, » Copper – BS 2872 C 101, 102, » CZ-360 High Grade Brass
» Brass CDA-360, » Brass IS-319 Grade III, » CuZn39Pb3, CW614N, CZ121, and C37710

Thread : » UNEF Threads , ISO metric, MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF, BSPT, » Any special threads as per customer specifications.

Size : » As Per Customer Specification

Finish : » Natural, Nickel Plated, Tin Plated, Natural Brass, Electro-Tin, Chrome or any coating as per customer requirements.

Brass Sensor Parts

Our company has earned reputable niche in this market of brass products for manufacturing and exporting a high end quality range of Brass Proximity Sensor. These proximity sensors are widely used for liquid level & distance measurements. Made out of high quality brass metal sourced from the trusted market sources, these sensors are offered in varied technical specifications to our clients. We are offering this Brass Proximity Sensor to our clients at the market leading prices

Material : » High Frequency » Excellent Sensitivity » Waterproof Quality

Aluminum & SS Parts

Aluminium Turned Components : We Manufacture of Aluminium CNC Parts and Turned Components, CNC aluminium parts, Precision Turned Components, Machine Components are produced on latest and further operations are carried out on special purpose milling, grinding machines. according to customer drawings and samples.

Stainless Steel & Mild Steel Components : We Manufacture of Stainless Steel & Mild Steel Components, Stainless Steel & Mild Steel Machine Components Our products are known in the market for their superior varieties and durability. These are widely appreciated for their sustainability, reliability and precised designs. We ensure the most reliable products which is available in best specification at the most profitable price range. Our products use in many industry like Automotive, Material handling, Textile industry & many more.

Material : » Any types of Aluminium, S.S. & M.S., grade alloy will be provided as per customer's specification.

Thread : » ISO metric, MM, PG, BSW, BSP, BSB, BSF, BA, NPT, NPTF, UNC, UNF, UNEF etc, Any threads as per customer's design

Size : » As Per Customer Specification

Finish : » Natural, Nickel Plated, Tin Plated or any coating as per customer specification

PRODUCT RANGE

- ◆ Precision Brass Components
- ◆ Brass Machined Parts
- ◆ Brass Turned Parts
- ◆ Brass Earthing Accessories
- ◆ Brass Meter Parts
- ◆ Brass Forged Parts
- ◆ Brass Anchors
- ◆ Brass Sanitary Parts
- ◆ Brass Auto Parts
- ◆ Brass Spacers / Standoffs
- ◆ Brass Inserts
- ◆ Brass Fittings
- ◆ Brass LPG Valve Fittings
- ◆ Brass Compression Fittings
- ◆ Brass Sensor Parts
- ◆ Brass Switchgear Parts
- ◆ Brass Gas Fittings
- ◆ Brass Cylinder Regulator Fittings
- ◆ Brass Fasteners
- ◆ Brass Neutral Links
- ◆ Brass Cable Glands
- ◆ Brass Moulding Inserts
- ◆ Brass Nipples
- ◆ Brass Electrical Parts
- ◆ Brass Sheet Metal Parts
- ◆ Brass Stop Plugs
- ◆ Brass HRC Fuse Parts
- ◆ Aluminum & SS Parts
- ◆ Brass Inserts For Plastics
- ◆ Brass Hose Fittings
- ◆ Brass Control Panel Accessories
